FYI from the UAC: Enrollment Appointments

It's November, which means it's time to enroll for next semester's courses! You will see your enrollment appointment posted on your myUH account in your Student Center; on the right side of the screen, there will be a box labeled “Enrollment Dates” and a date will be listed. Click on that date, and you'll be able to see the exact time that you can start enrolling for Winter Mini-Session and Spring 2014 classes.

Be sure to check out the offered SEP Spring 2014 workshops as well as meet with your academic advisor before your enrollment appointment so you can put yourself in the best position possible to succeed this spring.

Spotlight: Facebook Page

Are you a fan of NSM's Facebook page? A third of our NSM students are following us on Facebook and getting information about upcoming events & opportunities as well as reminders of important dates & deadlines. Visit us at www.facebook.com/uhnsm to start following today!

Campus Connection: Scholar Enrichment Program/Learning Support Services

By this point in the semester, you've had at least one exam in each class, and you're starting to get an idea of the grade you might receive in December. If you're not feeling good about how your grades are turning out, it's time to get some help ASAP before it gets any closer to finals. Learning Support Services offers tutoring for the majority of subjects on campus; they are a great resource for help and have a wide variety of tutoring hours that will fit most student schedules. If you're looking for help in your NSM courses, the Scholar Enrichment Program provides tutoring for many NSM classes in addition to the workshop courses that they offer throughout the semester. There are many additional academic resources available, and your professors are available during office hours to help you, too; however you choose to get assistance, please be sure to do so quickly to help yourself achieve the best grades possible for your fall semester!

Meet your Advisor: Frankson Collins

Name: Frankson Collins II
Majors I Advise: Computer Science
Educational Background: Bachelors in Mathematics from Prairie View University
Likes: Basketball, Football (Bulls on Parade!!!), Spending time with my daughters, Music, Modeling, Mathematics, Reading, Photography, Art, Helping Others, Knowledge, Knowledge Seekers, The Truth
Dislikes: Ignorance, Liars, TSU, UT, TAMU, Snow, Bad Parents, Teachers that don't have a passion to teach, and licorice candy
Favorite thing about UH: The pride of the School, the Campus Recreation & Wellness Center, and the eateries around campus. It's like a city inside a city!!
You May Not Know: I was a cheerleader in College and a Mascot in High School. I love to educate and inspire people. I am 12 hrs away from my Masters in Mathematics. Currently, I am doing research on abatement and mitigation of diverse environments through mathematical models. I have a great sense of humor. I have traveled to 17 states and never been out of the country.
Accomplishment I'm most proud of: Being a Father!
